FEATURES & BENEFITS

- Five Powerful Elements:** Five elements give you great cooking flexibility with a powerful radiant cooktop. From a 100W warming zone to a high-powered 3,000W quick boil element, this range gives you the power to master any meal and the consistent low heat desired for cooking delicate sauces or melting chocolate.
- Tilt Panel:** Touch to tilt or flatten the control panel for a customizable cooking experience that offers flexibility and control of cooktop and oven settings.
- True Convection Fan:** The true convection fan blows heat from the 800W heating element for more even heating and optimum cooking and baking results.
- Large Oven Capacity:** 6.0 cu. ft. oven capacity can accommodate multiple dishes for enhanced cooking.
- Air Fry:** Create healthier and mouthwatering meals using the air fry feature.
- Multiple Cooking Modes:** Multiple cooking modes including bake, broil, roast with built-in meat probe, air fry and keep warm give you the flexibility you need to create masterful meals.
- Hidden Bake Element:** Hidden bake element is positioned below the oven floor, creating a smooth oven surface so spills are easy to clean without maneuvering around heating elements.
- Self-Cleaning:** The self-cleaning cycle uses high temperature to power through soils in the oven cavity, requiring only a quick wipe down at the end of the cycle.
- Large Window:** The large oven windows makes it easy to sneak a peek at your creations without opening the oven door.
- Halogen Oven Light:** The oven light illuminates your food for increased visibility.
- Sabbath Mode:** Keeps the oven on at a set temperature for an extended period, allowing for seamless meal preparation while observing religious practices.
