|-------------------------|----------------------------------------|
| Electrical Requirements | 115 V / 60 Hz / 15 A Dedicated Circuit |
|-------------------------|----------------------------------------|

### CERTIFICATIONS

UL Listed; CUL Listed; ETL Commercial Sanitation Listed; ENERGY STAR®; California Title 20

### WARRANTY

Manufacturing Warranty: **2-year parts and labor, 5-year parts-only on factory-installed drain pump.**

*\*Appliance protection plans sold separately. Contact us for more information at 1-614-777-5004*

### FEATURES AND BENEFITS

**Restaurant-Style Nugget Ice:** Chewable ice pieces with a soft, porous texture are precision-crafted to absorb the flavors of your favorite spirits, sodas, and specialty beverages.

**High-Capacity Production:** Store up to 30 pounds of ice and create up to 70 pounds daily with an ice maker that includes an auto shut-off feature when the bin is full.

**Expanded Storage:** A sleek undercounter profile holds more ice than compact models, ideal for keeping countertops clear.

**UV LED Illumination:** A built-in UV LED light continuously treats the water reservoir to preserve quality between cleaning cycles, ensuring your ice remains fresh and flavor-neutral.

**Outdoor Compatibility:** A fully wrapped stainless steel exterior with a water-resistant design is compatible with outdoor installation amid ambient temperatures of 50 °F–110 °F.

**Advanced Cleaning Cycle:** Activate a specialized 25-minute cleaning cycle with the simple touch of a button on the ice maker's convenient control panel.

**Gourmet Presentation and Utility:** Beyond beverages, the malleable nature of nugget ice makes it a fitting foundation for chilled seafood platters, oyster displays, and elegant food presentations.

**Automated Leak Protection:** An integrated sensor detects water accumulation and responds by sounding an alarm and engaging the drain pump to mitigate leakage and prevent damage.

### CONTROL FEATURES

|                       |                                   |
